

CASH or CREDIT!

THE ALL NEW CLEAN SCRAP PROGRAM

You asked for it . . . we listened. Now, our popular Clean Scrap Program provides you with even more value-added options.

You pick your preference:

1. Credit to your account for payment on future purchases
2. Half on your account and receive the other half in electronic transfer/ or check
3. Receive a electronic transfer/ or check for the full amount of the settlement

It's easy! Simply, send us your clean gold, silver, platinum or palladium scrap. Upon receipt, we will weigh your scrap and verify contents of shipment. Metal will then be melted and sample taken for *FIRE ASSAY*, insuring the most reliable, accurate and maximum return for your metal.

Stuller has earned your trust for mill, findings, grain, casting and numerous other product purchases, so be assured that we will handle your scrap shipment with the utmost honesty and integrity. Also, in addition to sending us your old inventory, bench or purchased scrap, we are now accepting high-grade bench filing/grindings (10oz. gross weight minimum).

Preparing Your Shipment

The method of shipping is up to you. Stuller is not responsible for lost product by carrier or inadequate packaging prior to arrival at our facility.

Follow these instructions to ensure a safe delivery:

1. We suggest you insure your shipment with the carrier you choose.
2. Keep your karat gold, silver and platinum group metals separate. Each group will be analyzed separately and refining charges will apply accordingly.
3. Be sure to remove anything that is not karat gold, silver or PGM's.
4. Include the completed packing slip and the weight of the scrap with your shipment.
5. Lastly, for your convenience, a shipping label is provided on the front of the clean scrap packing slip.

If the shipping label is missing, send your shipment to Stuller, Inc., ATTN Materials Management – 3616, 302 Rue Louis XIV, Lafayette, LA 70508.

The packing slip and shipping box are available upon request, simply call your friendly sales consultant or visit us at stuller.com.
